The Penn Institute for Urban Research (Penn IUR), in collaboration with Perry World House (PWH), is pleased to announce a photo contest to highlight PWH's research theme, "Global Shifts: Urbanization, Migration, and Demography." For this contest, we ask participants to submit images that relate to the themes of urbanization and migration, and examine the relationships between urbanization, migration, marginalization, and inequality.

Submit photos via Twitter and Facebook using the hashtag **#IURPhotoComp**. Winners announced on April 21 at the Perry World House Conference: Global Shifts: Urbanization, Migration, and Demography. Prizes awarded: \$200 to winner, \$50 each to two runners up.
